20°C, cloudy and windy.

Location 1 - behind greenhouse

- > steep banks leading to creek.
- > only grass and dirt near creek
- > flowers only growing on top of bank.
- > tons of flowers on both sides of walking trail, but no Cows Parsnip.

Location 2 - along trail/behind library

- > slopes are more shallow
- > approximately twenty Cows Parsnip in swampy section of trail.
- > other flowers stop growing where Cows Parsnip begins to grow.

Location 3 - Kin Park bridge

- > Cows Parsnip growing 2-3 meters from creek are flourishing
- > big, green leaves
- > zones further from creek are dying
- > flowers a bit further from creek than the parsnip
